## Traffic fatalities have risen by 24 percent.

•At 60 MPH on snowy pavement, winter tires require 310 ft. to stop. All-season tires require more than double that (668 ft.).

NCTI of Colorado classes renew driver awareness to enhance safe driving behavior.

NCTI of Colorado's Responsible Driver Classes are all focused on how attitudes affect behavior.

Is your agency utilizing Cognitive Behavior Change Programs when addressing driver behavior?

## Testimonial

### Petty Theft

"As a result of taking this class, I know I want to practice love, humility and integrity on a bigger level. I know everything will flow if I do what I have to do... Katie is very knowledgeable and passionate about what she does. She made us get the bigger picture without judging any of us."
