by 24 percent.**

NCTI of Colorado's Responsible Driver Classes are all focused on how attitudes affect behavior.

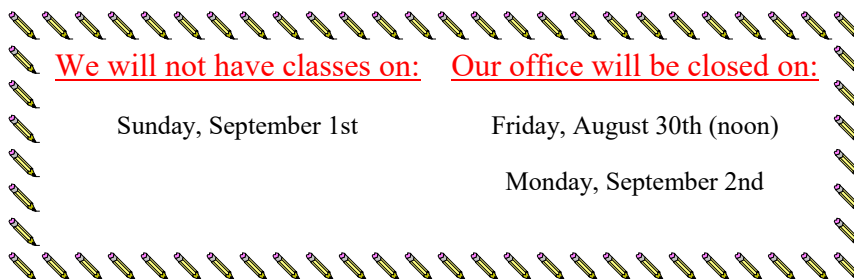

Is your agency utilizing Cognitive Behavior Change Programs when addressing driver behavior?

## Testimonial

“As a result of taking this class, I know I want to practice love, humility and integrity on a bigger level. I know everything will flow if I do what I have to do... Katie is very knowledgeable and passionate about what she does. She made us get the bigger picture without judging any of us.”
